SANFORD, MAINE

In Memoriam

FRED L. FOSS

Fred L. Foss was born in Limington, Me., April 7, 1906, the son of Elmer and Martha (Pinkham) Foss.

He died suddenly on July 14th at his home in North Waterboro, where he and his wife (the former Irene Burnham) had lived for many years.

Fred was formerly superintendent of the Limerick Yarn Mills and had operated a farm and poultry business for the past decade.

He served the town as Moderator for many years. He served as chairman of the Town Finance Committee, the Town Planning Board and Republican Town Committee for several years. He was also a member of the York County Planning Board, and York County Republican Committee.

He was Past Master of Masonic Lodge, Limerick, Past Patron of Eastern Star, a member of the Odd Fellows, Waterboro, and member of the Baptist Church in North Waterboro.

In the passing of Fred L. Foss, the Town of Waterboro lost a capable public-spirited citizen who devoted much time and effort to the public service, and will long be remembered.

AUDITOR'S REPORT

November 24, 1967

Board of Selectmen
Town of Waterboro
Waterboro, Maine

Gentlemen:

In accordance with Title 30, Section 5253 of the Revised Statutes of 1964, we have audited the financial records of the Town of Waterboro for the Fiscal Year ended December 31, 1966.

The examination was made in accordance with generally accepted auditing standards and included all procedures which was considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro and the results of its operation for the municipal year ended December 31, 1966.

Respectfully submitted,

L. EVERETT OUTHOUSE

TOWN OF WATERBORO

Comments

CASH

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the Bank Statement, and a written confirmation with the Depository Banks was made.

The Savings Account Balances of the Municipal Building Fund, Fire Engine Fund and Trust Funds were verified by written confirmation with the several Depository Banks.

Uncollected Taxes and Tax Liens unpaid at the time of audit were verified by written confirmation.

GENERAL

The procedure for keeping the municipal records of the Clerk Treasurer and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the selectmen do not keep the town records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern, and external correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined, for a selected period. Bond and Insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

FIRE DEPARTMENT REPORT

To the citizens of the Town of Waterboro:

We submit our report for the year ending December 31, 1967.

The department responded to 38 fire calls, 31 ambulance calls, and 4 requests for blood donors.

In order to keep abreast of current practices, the men of the department attended a pump school under the direction of the Sanford Fire Chief, and a first aid course given by the York County Civil Defense.

We have purchased a Jeep for a rescue unit with money earned at our annual field day.

The new pumper which the town purchased has proven very successful. The citizens of Waterboro should be proud of this modern piece of equipment. The other trucks are in good running condition, but it must be noted that these trucks are all more than fifteen years old. It would seem feasible to set aside a sum of money each year in a fund to be used for the sole purpose of replacing these older pieces of equipment.

We hope to complete the furnace room at the rear of the station in the near future. When this is done it should meet the requirements necessary to qualify many property owners for a more favorable insurance rating.

The South Waterboro Auxiliary donated $300 toward the dry hose tower which will be built at the rear

of the furnace room.

The department has been pleased to sponsor the Boy Scouts and Cub Scouts for the past year.

I wish to thank the men of the department, the auxiliaries, and the citizens of Waterboro for their co-operation during the past year.

Respectfully submitted,

FRANK F. LASKEY, Chief

AUDITOR'S REPORT

December 20, 1968

Board of Selectmen
Town of Waterboro
Waterboro, Maine

In accordance with Title 30, Section 5253 of the Revised Statutes of 1964, we have audited the financial records of the Town of Waterboro for the Fiscal Year ended December 31, 1967.

The examination was made in accordance with generally accepted auditing standards and included all procedures which was considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro and the results of its operation for the municipal year ended December 31, 1967.

Respectfully submitted,

L. EVERETT OUTHOUSE

TOWN OF WATERBORO

COMMENTS

CASH

The General Fund Cash Balance as noted in the Balance Sheet, was reconciled with the bank statement, and a written confirmation with the Depository Banks was made.

The Savings Account Balances of the Municipal Building Fund, Fire Engine Fund and Trust Funds were verified by written confirmation with the several Depository Banks.

Uncollected Taxes and Tax Liens unpaid at the time of audit were verified by written confirmation.

GENERAL

The procedure for keeping the municipal records of the Clerk, Treasurer, and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the selectmen do not keep the town records by double entry bookeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern, and external correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined, for a selected period. Bond and Insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

NOTICE TO DOG OWNERS — 1969

STATE OF MAINE

DEPARTMENT OF AGRICULTURE

DOG LICENSE DIVISION

STATE HOUSE, AUGUSTA, MAINE

Owners or Keepers of Dogs over FOUR months old must procure a License annually, on or before January 1st. Any person becoming the owner or keeper of a Dog after said 1st day of January, same not duly licensed as herein required, shall within ten days after he becomes the owner or keeper of said Dog, cause said dog to be described and licensed.

In accordance with the provisions of Title 22, Section 1312, Revised Statutes of Maine 1964, the following regulations are hereby adopted, by which the provisions of the above statute will become effective April 1, 1968, and will remain in effect until these regulations are modified.

The following regulations in the judgment of the Commissioner of Health and Welfare are necessary for the proper control of rabies in the State of Maine:

1. No license shall be issued for any dog in this state without the presentation of a valid certificate showing that the animal has been immunized against rabies.

2. A certificate of immunization shall be considered valid for the purpose of license issuance if it is authenticated by a licensed veterinarian or by an official health department.

3. The certificate must show that the date of immunization has been within 365 days (1 year preceding the date of application for the dog license.

Approved by Dean Fisher, M.D., Commissioner, State of Maine, Department of Health and Welfare.

Respectfully submitted,

PROPOSED CHANGES IN BUILDING CODE

Change #1

Change Section 4, paragraph (e) to read . . . "For each building permit that is issued for 'new building' construction, a fee of five dollars ($5.00) shall be paid to the inspector of buildings upon the issuance thereof. For all other building permits as required in Section 4 (a) a fee of two dollars and fifty cents ($2.50) shall be paid to the inspector of buildings upon the issuance thereof."

Change #2

Section 4, add new paragraph (f) . . . "A building permit shall not be issued by the inspector of buildings for a new building on lake property until percolation tests have been made on the proposed building site, to determine the adequacy of soil for drainage purposes. If test results do not meet minimum requirement of the State of Maine Dept. of Health and Welfare, then a building permit will be denied unless an approved, self-contained, sewage purification system shall be installed."

Change #3

Section 5 (a) . . . change "seven" to "twenty" feet. Delete ('until written consent therefor . . . etc."

Change #4

Section 5—add new paragraph (b) "A building or other structure shall not be constructed on waterfront property having less than 100′ of water frontage, (measured in a straight line at high water level) or having less than 15,000 sq. ft. in area."

Change #5

Section 5—add new paragraph (c) "Waterfront lots shall not have more than one (1) dwelling, nor accommodate more than two (2) families on any one lot that is of minimum size as described in Section 5 - (b) above."

Change #6

Section 10 (c) . . . Delete paragraph (c) as this is a repetition of Section 9 (d).

Change #7

Section 16 (b)—insert "in any calendar year" (line 4) add—"Said householder must submit written evidence of permission including trailer registration number and state, date of arrival and duration of visit, to the building-inspector who will keep records and report violations to the Board of Selectmen.

DEDICATION

Massabesic High School gratefully accepts the dedication of the Waterboro town report. All of the S.A.D. 57 communities realize that our bright new high school is a valuable asset to the entire district. As for Waterboro itself, Massabesic High School provides excellent education for its youth, and excellent opportunities for school-sponsored entertainment and sports. Massabesic also provides unification for the six towns, so that our improvement can be mutual.

Waterboro has now the perfect chance for intellectual and economic growth. Who would not consider making Waterboro his home with these new district facilities? We are confident also that other facilities will follow.

No matter where or in what township we reside, our six communities benefit from the new-born enthusiasm that has originated from the formation of Massabesic High School. This fusion of efforts has truly united us—since Waterboro and Alfred, and Lyman and all the other towns, have contributed there time and toil in order to make our school a reality. We at Massabesic appreciate wholeheartedly your planning, striving, and working, and we hope that our existence will prove worthwhile.

AUDITOR'S REPORT

December 11, 1969

Board of Selectmen
Town of Waterboro
Waterboro, Maine

Gentlemen:

In accordance with Title 30, Section 5253 of the Revised Statutes of 1964, we have audited the financial records of the Town of Waterboro for the Fiscal Year ended December 31, 1968.

The examination was made in accordance with generally accepted auditing standards and included all procedures which was considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro and the results of its operation for the municipal year ended December 31, 1968.

Respectfully submitted,

L. EVERETT OUTHOUSE

TOWN OF WATERBORO

COMMENTS

CASH

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the bank statement, and a written confirmation with the Depository Bank was made.

The Savings Account Balances of the Municipal Building Fund, Fire Engine Fund and and Trust Funds were verified by written confirmation with the several Depository Banks.

Uncollected Taxes and Tax Liens unpaid at the time of audit were verified by written confirmation.

GENERAL

The procedure for keeping the municipal records of the Clerk, Treasurer, and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the selectmen do not keep the town records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The systems of internal control was reviewed as to the handling of cash and other matters of financial concern, and external correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined, for a selected period. Bond and Insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

FIRE DEPARTMENT REPORT

To the citizens of the Town of Waterboro:

We submit our report for the year ending December 31, 1969.

The department responded to a total of 113 calls, broken down as follows:

Fire Calls	43
Out of town fire calls	4
Ambulance calls	42
Pump out cellars	15
Lost persons	1
Calls for blood	5
Pump out wells	3
Total calls	113

In order to keep abreast of modern fire fighting techniques, the men of the department attended a smoke mask school, under the direction of a state instructor from Kittery.

We also sent two men to Maine Medical Center to attend an ambulance driver and emergency personnel course. This training is very beneficial for the ambulance attendants, and also the townspeople. We are hoping for another course this spring.

The department bought necessary equipment needed to be recognized by the New England Insurance Rating Association. What we bought cost $792.05, which we took out of our own department fund, gained by putting on suppers and our annual field day.

We are also, at this time, looking for a later model ambulance. We have an ambulance fund from which this will be purchased.

We also have been recognized by the New England Insurance Rating Association. The rates have been dropped from Grade "F" to Grade "E", as of Sept. 30, 1969. This is a three mile radius of the South Waterboro station. We are very pleased to announce this to the townspeople.

The department has been pleased again this year to sponsor the Boy Scouts and Cub Scouts.

I wish to thank the men of the department, the auxiliaries, and the citizens of the Town of Waterboro for their help and cooperation during the past year.

Respectfully submitted,

RAYMOND L. EMMONS SR.

MAINE DEPARTMENT OF HEALTH AND WELFARE
DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH
ANNUAL REPORT OF PUBLIC HEALTH NURSE

Waterboro—1969

The health of the people is really the foundation upon which all their happiness and accomplishments depend. Health is not something that parents can present to their children as a lifelong gift.

In order to help people and the community as a whole to achieve and maintain optimal health, the Division of Public Health Nursing of the Department of Health and Welfare has provided the following services in the town of Waterboro during the past year.

Child Health Conferences were held during April, May and June with a total attendance of 9 infants and 34 preschool children. Only 3 from this group took advantage of the physical examination offered. The main purpose of the Child Health Conference is health supervision of the well child. The following immunizations were given:

Smallpox	9
Diphtheria, Whooping Cough, Tetanus—	
Series	3
Boosters	10
Polio—SABIN—	
Series	12
Boosters	1
Measles	5

Hearing tests were done in January on 29 pupils from grade 2 and teacher referrals. Following the custom of previous years I have again participated in preschool

registration to discuss the health history and immunization needs of each child and include this information on the school health record.

A major change in the program is the appointment of a full-time school nurse for the district. Since we are both working towards the same goal we will plan to work together and share information that will help to provide better health services for your community.

Home visits to individuals and families are still the closest link between the patient and the public health nurse. I have made as many visits as time would allow to meet specific health needs.

I would like to thank everyone who has contributed in any way towards my efforts for better health for the people of Waterboro.

Respectfully submitted,

FLORENCE G. POIRIER, R.N.

Division of Public Health Nursing

EDITOR'S REPORT

Massabesic High School

Massabesic has been in existence only part of a year but this has not prevented us from organizing ourselves into many different clubs and groups. There is a club for almost anything that could be of interest. For those with a flair for acting there is the Dramatic Club. For the equestrian there is the Spurs & Chaps Horse Club. For those who yen to see their name in print; we have two student publications, the HOOFBEAT (newspaper) and the EQUITEM (yearbook). Our Glee Club has been very active this year, having a Christmas Concert and trying out for All-State, which Miss June Neal won a part in. Another very active group is the Future Homemakers of America. They have planned many interesting speakers and outings. For Thanksgiving they made up a basket for a deserving family. At the present time they are in the process of fixing clothes for the Community Action Program, and sending paperbacks to men in Vietnam.

Other clubs and organizations are the Rod & Gun Club, the Chess Club (who had an invitation to a New York tournament), Radio Club, Band, Library Aides (who sent in a name to Governor Curtis for the Library Committee), Future Business Leaders of America, and Boys' and Girls' Bowling teams.

Massabesic also boasts of a fine list of athletic teams and related groups. We started out the year with four football teams—the freshmen, jayvee, varsity, and the junior high. The varsity team came out of the season winning the last two games. While the boys were out with the pigskin the girls were playing field hockey. The two teams, jayvee and varsity played hard but did not win any games. After football season comes basketball season and again Massabesic put out four teams. At this printing, the freshman team has won one game but the others have not given up hope. The wrestling team

seems to be the luckiest so far, with 6 winning meets to their credit. They went to the state finals and brought back 3 medals. The girls also have been keeping up their place in the world. The two girls' teams have made a very good showing in basketball. Early in the year Massabesic sported a Cross Country team. Volley ball is a popular sport here; we now have a total of 16 intramural teams to keep the sport going. (Two teams are entirely composed of teachers).

Throughout the year we have had four fine sets of cheerleaders to get our spirits up. The four sets are varsity, jayvee, junior high, and lastly a group of faculty members who cheered for the teachers during the Varsity—Teacher game which, of course, the Varsity won. These girls have practiced many times to be in readiness at all times and they add a lot to our games.

This has been a hectic year at Massabesic, or part of a year, and we expect the remainder of the year and the next year will be even more hectic.

IN MEMORIAM

Raymond H. Bradeen was born in North Waterboro, Maine on March 20, 1896, the son of Henry L. and Harriet Lord Bradeen.

He died on October 4, 1970 at the Goodall Hospital in Sanford, Maine after a short illness.

Raymond and his wife, the former Ethel M. Durgin, lived at North Waterboro for many years, on the site where he was born.

He was a graduate of Waterboro High School. He later graduated from Burdett College and the Bentley School of Accounting and Finance of Boston and was an accountant by profession.

He was auditor of the town books of Waterboro and served as a School Committee, tax collector and treasurer.

He was a Representative in the 1951, 1961 and 1963 legislatures where he was appointed to the Joint Committee on Education and the Legislative Taxation Committee.

He was a 32nd degree Mason, a member of Freedom Lodge, A.F. and A.M. of Limerick, Kora Temple Shrine of Lewiston and Brown-Emmons Post, American Legion of Alfred.

He served in the U. S. Army in World War I.

He gave freely of his time and ability to the public service and with the passing of Raymond H. Bradeen the State of Maine and the Town of Waterboro lost a dedicated citizen who will not soon be forgotten.

FIRE DEPARTMENT REPORT

To the citizens of the Town of Waterboro:

We hereby submit the following report for the year ending December 31, 1970.

The department responded to a total of 102 calls, broken down as follows:

Ambulance Calls	61
Fire Calls	41
(which included:)	
2 — Major:	
C. M. Thornton	
Mrs. Butman, Center	
2 — Major Wood Fires	
10 acres or more	
23 — Dump calls	
Total calls:	102

To keep in step with today's fire fighting techniques, the Fire Department members are attending classes conducted by a State Forest Warden.

Due to the increasing ambulance calls, we are keeping in step by having six men sent to the Maine Medical Center to

take an ambulance course. Also we have twelve men licensed for ambulance operation.

The Waterboro Fire Department has had its ambulance service in operation for ten years. Our present vehicle is a 1955 model. With the ever increasing calls we receive, we would like to see a new vehicle put into operation. We therefore request of the town a donation towards a much needed new ambulance.

My sincere thanks for the help and cooperation I received from the men of the department, the auxiliaries, and the citizens of the Town of Waterboro during the past year.

Respectfully submitted,

FRANK F. LASKEY

MAINE DEPARTMENT OF HEALTH AND WELFARE
DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH

ANNUAL REPORT OF PUBLIC HEALTH NURSING SERVICE IN WATERBORO IN THE YEAR 1970

Public health nursing is a special field of nursing that combines the skills of nursing and public health for the promotion of health, prevention of illness and disability and rehabilitation.

The health picture of the nation has changed considerably during the last decade. Due to research many diseases can now be prevented by immunization. When the immunization level is high, epidemics should not occur. Because of our attempts to eradicate some diseases through immunizations, such diseases as diphtheria, whooping cough, tetanus, polio, smallpox and more recently, measles and German measles are on their way to being diseases of the past.

For many years our efforts have been directed to the health care of infants and preschool children through Child Health Conferences.

Two conferences were held with a total attendance of twenty-two. Only four took advantage of the physical examination offered. The following immunizations were given:

Type of Immunization	Number of Children Immunized
Smallpox	3
Measles	4
Polio	7
Diphtheria, whooping cough and tetanus	7

Your public health nurse is grateful for the volunteer assistance for specific programs and would like to thank everyone who have helped in any way during the year.

Respectfully submitted,
FLORENCE G. POIRIER, R.N.
Division of Public Health Nursing

This is an increase of $29,481.41 over 1970 caused by an increase in the budget and an increase in the State Assessment, which is up from $3,500,000 in 1970 to $6,100,000 in 1971.

SCHOOL ADMINISTRATIVE DISTRICT NO. 57
REPORT OF THE SUPERINTENDENT

January 1, 1971

To the Board of School Directors and to the Citizens of School Administrative District No. 57:

One of the most significant developments of the past year was the unusually large increase last September in pupil enrollments, 11% more pupils attending district schools than for the previous fall. Some of this growth was due to the differential between a small graduating senior class and a large incoming kindergarten class, and the balance was due to many new families moving into the district. Cumulative growth of pupil enrollments is now 36.6% over what it was when the district was formed in 1966. The following graph is utilized to illustrate not only the total growth but also to **show the current trend** of rapid increase.

RESIDENT PUPILS EDUCATED AT PUBLIC EXPENSE

1966	1967	1968	1969	1970	1971
1080	1117	1128	1337	1475	1610

It is good to see the evident pride which the citizens and parents take in the successful operation of the new elements of the district's school system,—Massabesic High School and the Kindergarten program. Everyone must realize that adequate financial support is imperative if the quality and the scope of the present program is to be maintained or improved. We have a school system which is growing in an economic period when the prices of services and materials are constantly

increasing. Increasing costs affect a school system just as surely as they affect a family or a business.

Title I federal funds under the Elementary and Secondary Education Act of 1965 were utilized to provide school nursing and special help teaching services at the elementary level, and Title II monies were approved for the purchase of additional library books. A grant of Vocational Funds was received for a special project to assist with the vocational education of handicapped pupils at the high school.

Twenty-five Junior and Senior pupils take their academic courses at Massabesic High School and attend one-half of each day at the Regional Technical and Vocational Center at Sanford High School. Transportation is provided between the two schools.

SUMMARY

In the District		Outside the District		Total
Elementary	840	Elementary	7	847
Massabesic	626	Secondary	2	628
	1466		9	1475

The increase in the gross budget and also in the appropriations reguired to support the budget are in the average range of those reported in the press to date. Our teacher salary schedules again are slightly below the average, as are also the hourly wage rates for non-certificated personnel. There are no new programs in the 1971 budget, however we are asking for restoration of the music and art programs at the elementary level. These two positions were eliminated as a result of the budget cut last year. We also need an additional first grade teacher at Waterboro, and two more teachers at Massabesic High School because of pupil enrollment increases.

The district is fortunate to have a balance forward to 1971 of $25,840.68. Total expenditures for 1970 were $1,592.63 less than authorized by the voters, however receipts were $24,248.05 larger than were anticipated. When the budget was prepared Congress had refused to appropriate any PL 874 funds, and we were advised by federal officials not to depend on any PL 874 money. Funds were appropriated later in the year however, and we finally received $9,653. Reimbursement of interest paid in anticipation of state aid netted an additional $5,911.26. The Business Education program received vocational approval, with reimbursement of $3,700 and new legislation brought in $3,386.37 for pupils from a tax-exempt institution (New Life Centers, Inc., in Limerick.)

One new 'bookkeeping' factor requires offsetting entries in both receipts and expenditures of $127,317 for debt service without actually affecting the net budget. Originally the state was to pay the state construction aid directly on Massabesic High School, but later legislation required that the state pay the money to the district, and that the district then make the payment.

In closing may I express appreciation to the district staff and the school directors for their interest, cooperation and valuable assistance.

To see if the Town will vote to authorize the Selectmen to sell and dispose at public auction any tax title property acquired by the Town of Waterboro by mature tax liens sales or sales by said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days before sale. Also it shall be printed 2 weeks in the Sanford Tribune prior to sale or sales and that the Selectmen execute Quit claim deeds signed by all three for such property. Same shall be with the understanding that the purchaser be responsible for establishing boundary lines. The Tax Collector shall submit a list of all Tax Title Properties to the Selectmen by the 1st of each year.

Finance Committee recommends: That the Selectmen be instructed to sell all Tax Title Property, at public auction, except those properties deemed best to hold for the overall benefit of the Town of Waterboro. It is also suggested that said auction be held the second Saturday of August.

Art. 35. To see if the Town will vote to support state and federal revenue sharing and adopt the following resolution:

Whereas, the property tax, the principal source of municipal revenue sharing has reached its practical limits, and

Whereas, the magnitude of the burdensome property tax problem will continue to increase unless a solution to the financial plight of municipalities is enacted, and

Whereas, the state and federal governments have broader tax resources, and

Whereas, it is critical that these broad base taxes be shared with local governments to relieve the property tax, and

Whereas, municipalities should be free to exercise their discretion over the use of shared revenues, and

Whereas, the simplest, most effective and equitable way to solve the crisis in financing municipal services is through revenue sharing of federal and state tax resources;

Now therefore be it resolved that the Board of Selectmen urges the 105th Maine Legislature adopt a program of State-Municipal Revenue Sharing and,

Be it further resolved that the Board of Selectmen urges the Maine Congressional Delegation to support passage and funding of revenue-sharing during the 92nd Congress.

Finance Committee recommends: No recommendation.

Art. 36. To see if the Town will vote to authorize the Selectmen to purchase land for new Municipal Offices.

IN MEMORIAM

On May 19, 1971, Guy Bagley, one of Waterboro's prominent citizens, passed away at his home in Waterboro, where he lived for many years with his wife, the former Etta Smith. He was born in Natick, Massachusetts December 10, 1897, the son of Merrill and Lula Emmons Bagley. He came to Waterboro as a young boy.

Guy worked at several occupations, including the local Saw Mill, Box Shop, and in 1952 opened his own Garage on Main Street. He also served as Road Commissioner several times throughout the years.

His willingness to be of help to everyone at anytime, endeared him with many friends. And his off the shoulder comments will live on, by anyone who ever knew him.

He was a 50 year member of Freedom Lodge A.F.A.M. of Limerick.

DIVISION OF PUBLIC HEALTH NURSING

Report to Town of Waterboro for year ending Dec. 31, 1971

The Division of Public Health Nursing continued to offer its services to townspeople during the 1971 calendar year.

The nurse is concerned with helping families to cope with various types of health problems. Providing emotional support is included as well as guidance given in areas such as growth and development. Assistance in locating resources to deal with health problems is also offered.

The direct visits made were to do preventive teaching and counseling and to give rehabilitation nursing service.

Kinds of problems included orthopedic conditions, accidental injuries, emotional, heart and others.

The nurse continues to work individually with other professional and interested citizens to help persons, families and the community meet their health needs.

Respectfully submitted,

ELEANOR E. GRIFFITHS, R.N.

Public Health Nurse

REPORT OF THE WATERBORO PLANNING BOARD FOR 1971

The Waterboro Planning Board meets on the second Wednesday of the month, usually at Rollins Solution offices. Several special meetings have been held in addition to these regular meetings.

The board has obtained preliminary rough sketch plans from two different engineers to get ideas for a municipal building. Their aim is to have some kind of proposal ready for the annual town meeting.

A Committee from the fire department worked with the board to plan a method of numbering the cottages around Ossipee Lake. This would be a great help for the fire department, and enable them to speed up the location of a fire or other emergency around the lake.

We have worked with the selectmen and interested cottage owners to get an Ossipee Lake Association started, to fight pollution in the lake.

A biologist from Nasson College was engaged to obtain chemical samples of Carpenter Brook, to use for future reference standards if needed.

The selectmen were urged to include an article in the warrant of a special town meeting this summer to get the town to form a Conservation Commission.

Since early Fall, with the assistance of the York County Regional Planning Commission, the board has been working toward writing up a Comprehensive Plan for the town. This is required by the State now, and if the town does not write it's own, the State will do it, and at considerable cost to the town. At present, we are working on a map of the town which will show the location of all private dwellings, public houses, commercial and industrial buildings, etc., which will be a help in

showing various areas of development. It is hoped the Comprehensive Plan will be ready by late Spring or early Summer.

Respectfully submitted,
EVERETT W. SMITH, JR.
Secretary

WATERBORO FIRE DEPARTMENT REPORT

To the citizens of the Town of Waterboro:

We hereby submit the following report for the year ending December 31, 1971.

The Department responded to a total of 138 calls; broken down as follows:

Ambulance Calls	109
Fire Calls	24
Major Fire Calls	3
Waterboro Company Est. $8,000.00	
Cottage at Lake Sherburne Est. $8,500.00	
Wiggins Home, Center Est. $25,000.00—$30,000.00	
Calls for blood	2
Total Calls	138

This year our major purchase was a new ambulance which has been busy keeping up with the 80% increase of calls over last year. The new ambulance has all the latest equipment and with the five men that took an ambulance course this year; a total of 12 men are now qualified for ambulance duty.

With snowmobiling becoming an ever increasing sport, the accidents of these snow vehicles are too, ever increasing. With the community's support behind us, we were able to purchase a rescue sled to aid in reaching victims in snow covered areas.

A note of interest is that since Waterboro has now initiated the "closed dumping" concept, the Fire Department has not had to respond to any fires at the dump.

My sincere thanks for the help and cooperation I received from the men of the department, the auxiliaries, and the citizens of the Town of Waterboro during the past year.

Respectfully submitted,

FRANK F. LASKEY

Fire Chief

1971 BUILDING INSPECTOR'S REPORT

Permits Issued:

43 Dwellings
15 Garages
14 Additions
1 Planning Mill
4 Utility Buildings
1 Moving a Building
1 Barn
1 Storage Building for Boats
1 Demolish Building
2 Boat Houses
7 Trailers

In checking building lots I feel that 20,000 square feet is not adequate. In twenty-five years land will be saturated from over worked septic tanks. I suggest that new development and lots should be 40,000 square feet. This would give you better protection for clean drinking water.

I also feel that Roads on new developments should be made with proper drainage and Paved before being accepted by the Town. If not the expense of building these roads will be another burden on the Taxpayer.

Respectfully submitted,

MERRILL A. PAZOLT

Building Inspector

SCHOOL ADMINISTRATIVE DISTRICT NO. 57

REPORT OF THE SUPERINTENDENT

January 1, 1972

To the Board of School Directors and to the Citizens of School Administrative District No. 57:

Once again the district has experienced an unusually large increase in the number of pupils, with a majority of the new pupils this year coming here from out-of-state. The October 1 count of pupils being educated at district expense was 1560, an increase of 85 pupils. This 6% growth this year brings the total growth since the district was formed in April, 1966, to 44%. Four-fifths of this growth has occurred at a rapid pace since Massabesic High School opened in September, 1969.

	1556		4	1560

This influx of new pupils has already created space problems at Massabesic High School, and at the Waterboro Elementary School, and will create problems at other elementary schools if the growth pattern continues. The winterizing of summer cottages, the construction of new homes, and the development of housing projects and mobile home courts all indicate that both the adult and the school population will continue to grow.

Several federal programs are providing funds for services and/or materials in the district schools this year. The Elementary Secondary Education Act Title II allocation of $1,564.61 was used for the purchase of additional library books. The ESEA Title I allocation of $18,580.00 underwrites the cost at the K-6 level of the school nurse, of one special teacher for the full year, and for another remedial teacher for the last half-year. This is the third and final year of funding of the special program at Massabesic High School for vocationally handicapped pupils. The year's allocation for this VOH program is $13,550.00, which provides the services of a special teacher, plus equipment and instructional materials. The Emergency Employment Act of 1970 provided funds beginning November 1 for an additional teacher to help with the over crowded 3rd and 4th grades at the Waterboro School, and for a custodian-grounds keeper at Massabesic High School. A later allocation provides funds for a remedial reading teacher at the elementary level, and for an assistant teacher to help with study hall and library supervision at Massabesic High School. These latter two positions start January 17. These four EEA positions are funded through this 1971-72 school year, but there is no indication whether they will be continued beyond this year. Due to changed regulations, we will not qualify for a grant under NDEA Title III this year.

The balance forward to 1972 for the Operating budget is $24,611.00, or nearly the same as was brought forward to 1971 ($25,840.68). Receipts for 1971 were $8,070.28 greater than had been anticipated, which was chiefly the result of legislation by the special session to provide funds for schools having un-

usual enrollment increases in September, 1970, and because final appropriations by Congress for vocational programs (Home Economics and Business Education) were greater than originally proposed. Expenditures for 1971 were $5,361.07 less than had been budgeted, which is 4/10 of 1% under the estimate.

The Department of Education has advised that the state average operating cost per pupil increased 9% from the 1969-70 to the 1970-71 school year, and that an increase nearly as large is expected for the 1971-72 school year. Although the final 1972 budget determination has not been made at this writing, it appears that gross expenditures would increase about 6½%. We have the continuing problem of providing services and materials for more pupils in an economic period when salary costs for both certificated and non-certificated personnel are increasing annually, and when just about everything that is purchased costs more this year than it did last year.

In looking forward to the immediate future it is clearly evident that one very pressing problem is the provision of additional school facilities. The Building Committee and the School Directors are studying this problem to determine what to recommend to the citizens.

I wish to thank the school directors, the teachers, and all the many others who contribute to the operation of the schools for their helpfulness and cooperation.

Respectfully submitted,

CARROLL B. RONCO

Superintendent

AUDITOR'S REPORT

December 31, 1970

CERTIFICATE OF AUDIT

April 5, 1971

Board of Selectmen

Town of Waterboro

Waterboro, Maine

Gentlemen:

We have examined the Statement of Financial Condition of the Town of Waterboro, Maine as of December 31, 1970 and the related statements of general fund surplus and departmental operations for the year then ended.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Statement of Financial Condition and related statements of general fund surplus and departmental operations present fairly the financial position of the Town of Waterboro, Maine at December 31, 1970 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In Memoriam

June 1, 1972 marked the passing of Alva Werren of Waterboro.

He had come to the York CountyArea from Australia. After living in surrounding communities for several years, he and his wife, the former Effie Scott, and daughter Evelyn moved to Waterboro where he opened a general store and later a gas business.

Alva was always interested in Town affairs and served as building inspector for several years.

He was a 50-year member and Past Master of Fraternal Lodge No. 55, AF & AM. A member and Past Commander of Brown-Emmons Post No. 134. A member and Past Commander of WW-1 Veterans of the Barracks at Sanford.

He was a member and twice Past Noble Grand of Enterprize Lodge No. 36, IOOF. Also Past District Deputy Grand Master of District No. 4, IOOF.

He was an Honorary Member of the Waterboro Fire Department. He served as Chief for several years which included the 1947 fire. Since then he has served as Assistant Chief and Chairman of the Board of Trustees. He was founder and Leader of the CD Junior Fire Department. These boys, many of whom are now members of our regular Fire Department met monthly at his house. There he taught them how to use and care for fire equipment, which they owned themselves by buying it with money they raised themselves.

Alva will always be remembered as a man who was always willing to fill in wherever and whenever he was needed, always ready to do his share and more and enjoyed doing it.

DIVISION OF PUBLIC HEALTH NURSE
REPORT TO TOWN OF WATERBORO

December 31, 1972

APPROPRIATIONS FROM TOWNS
AND TOWN REPORTS

Dear Sir:

We wish to inform you that fiscal appropriations by town warrant for service from the Division of Public Health Nursing will no longer be recommended nor expected. (This change will not affect the amount of nursing service presently provided.) Should this situation change in some future year you will be advised. With the development of home health agencies and regionalization of health services, it has become appropriate for some towns to commit financial resources to various providers of health care. Our thanks is extended for past contributions.

Also, town reports on services provided will no longer be compiled in order to conserve limited staff time, unless you indicate particular need for this information. Should your town have particular need for this report, please direct your request to the Division of Public Health Nursing, Department of Health and Welfare, 221 State Street, Augusta, Maine 04330, so that we may furnish you with the data you request.

Sincerely,

MARION Y. BORRESON, Director

Division of Public Health Nursing

REPORT OF THE PLANNING BOARD FOR 1972

Working with Attorney Robert Ferguson, the Board revised the Subdivision Regulations, and after adopting the revised version in August, had new copies printed. These may be obtained by interested parties from the Town Clerk, the Building Inspector, from Linwood Rollins or Everett Smith, Jr.

After a newspaper report that an out-of-state firm was planning to bring in liquid waste to this area, the Board established a moratorium against bringing any liquid waste into town from any other town, effective until annual Town Meeting in March, 1973.

Since we learned that the Building Code adopted in 1958 and revised in 1965 was so outmoded as to be useless, the Board, again working with Attorney Ferguson, held a Public Hearing in August on adopting a new building code, also adopting the State Plumbing Code as a Town Ordinance. This was followed by an informational meeting. Adoption of the two Codes was included in the Warrant of a special Town Meeting held in October. Both Codes were adopted by the Town. The new Building Code booklets were printed for the Town by the Southern Maine Regional Planning Commission.

A land use map of the Town was drawn up by workers of the Southern Maine Regional Planning Commission this past summer. The Board has gone over this map to check for errors or omissions. It will be used to help in writing a Comprehensive Plan for the Town as soon as a representative of the S. M. R. P. C. can meet with us and explain its use.

In late December, the Board met with the Limerick Planning Board at the home of Limerick's Chairman, Mr. Myron Lamb. Mutual problems and policies were discussed.

EVERETT SMITH, JR., Secretary

TAX MAPS AND DATA PROCESSING

This year the tax maps, which were prepared by Sewall Engineering of Old Town, were used for determining how much land each taxpayer owned. Also the tax bills and commitment books were printed by the Computer Center, located in Falmouth. As a result the taxpayer received individual bills for each parcel of land they owned instead of one bill with a total valuation and total tax. Previously, the taxpayer, who owned more than one parcel of land, did not know whether he had been taxed for everything he owned or if he might even be paying taxes on someone else's property.

As is customary, whenever changes are made, small errors and problems were encountered, which resulted in an inconvenience to some of the taxpayers. Most of these problems and mistakes have been remedied. One problem which still exists for a few taxpayers is the case where the taxpayer feels he owns less land than is specified on the tax maps. The Town paid a large sum of money to have these tax maps prepared by an experienced and professional organization. We feel that Sewall Engineering did a good job and to make changes on said maps without written documentation being submitted by the party involved would soon result in a set of maps with boundaries based on heresay. Therefore, the tax assessors have adopted a policy of making changes on the tax maps only after written documentation, such as a deed with specified measurements or a survey, has been submitted.

The implementation of the tax maps and data processing should eventually result in the tax bills being sent out earlier in the year and the Town having to borrow less money through the year.

Respectfully submitted,

Assessors of Waterboro

SOUTHERN MAINE REGIONAL PLANNING COMMISSION

REPORT FOR 1972

The purposes of the Southern Maine Regional Planning Commission may be sumarized as follows: 1) to provide central staff technical assistance and professional services to local planning boards and other local officials; 2) to acquire and share human, economic and natural resource information on the area which will be useful to the member municipalities and the region; 3) to bring the municipalities together to consider and coordinate desirable management and governmental action relative to their common problems and advantages; and 4) to assist in obtaining available State and Federal assistance in planning and work programs of value to its members.

During 1972 such efforts were notably strengthened by expansion of the central staff and a marked increase in services which were delivered directly to the local municipalties. These services included technical assistance to local officials from two staff planners and an environmental engineer management information and aids, and legal counsel. These services were provided through public informational meetings (approximately 24); staff meetings (well over 100) with local planning boards and other officials within the individual municipalities; extensive publication and distribution of informational materials, such as: State laws and regulations; material on State and Federal agencies and the assistance available through them; and staff research and/or publications on the region, such as: ongoing work on a comprehensive water, sewer and storm drainage regional plan, groundwater research and investigation, solid waste management investigations, etc.

In addition, the Commission developed, in close coordination with municipal representatives and local planning boards, the Planning Board Standards for Reviewing Land Subdivisions which have been adopted almost unanimously by the region's local planning boards in response to State requirements. These Standards have been an important means of helping local

planning boards to fulfill their legal requirements and also to guide rapidly increasing land development in directions which are sound and consistent with the best future interests of the municipalities and the region in general.

During the fall, the Commission has started work on a similar, though more complex, project relating to State requirements for local zoning. This is an outgrowth of the Mandatory Shoreland Zoning law, which demands that local municipalities zone their shorelands by June 30, 1973 or have it done for them by the State. The Commission, again working with municipal representatives and local planning boards and other officials, is in the process of developing model zoning regulations designed to meet the needs of the region and to be thoroughly reviewed and discussed prior to submission to local governing bodies for local action. Again, the individual municipalities, working alone and unassisted, would find it extremely difficult to measure up to the requirements.

The Commission, by means of local municipal finding amounting to about 15% of its total budget, has been able to establish itself as a workable and valuable tool for its member municipalities and to demonstrate to State and Federal agencies that it deserves to be supported with an additional 85% financial assistance through public funds. Though it receives such extensive outside help, the Commission nevertheless exists solely to serve local municipalities individually and collectively. It is governed solely by local municipal representatives. It is dedicated by State law, by its by-laws and by its own organization solely to determine and defend the local and regional interests. It cannot rule or regulate, but can only advise. With these purposes and constraints, it would appear that the Commission is both an essential tool and an organizational bargain for its member municipalities.

LITTLE OSSIPEE LAKE WATER QUALITY STUDY PROGRAM

Little Ossipee Lake was monitored from April 30 to November 26, 1972 by Water Technologist Mr. Erwin Vogler and a report submitted January 8, 1973 by Robert H. Cuillo, Ph.D., Biological Consultant and Program Director of the Study. Up until 1971 tests made on Little Ossipee Lake were very limited and exact quality of the water was unknown. The purpose then of this program, which was authorized by Little Ossipee Lake Association and Town of Waterboro, was twofold: (1) to obtain current scientific information on the water quality of Little Ossipee Lake; (2) to obtain scientific information for use as a basis in planning future actions to retard the effects of cultural eutrophication, and to reduce health hazards in the above mentioned waters.

Dr. Cuillo states in his report "Based on these five specific parameters for Class B-1 waters, Little Ossipee

Lake was not B-1 water from May 14 through November 5, 1972." Waters of this class shall be acceptable for recreational purposes, including water contact recreation, for use as potable water supply after adequate treatment and for a fish and wildlife habitat.

These five parameters for Class B-1 waters are total coliform bacteria count, fecal coliform bacteria, dissolved oxygen, alkalinity and pH. Overall, for Little Ossipee Lake, the total coliform bacteria count exceeded the limit for Class B-1 waters 69%, or over ⅔ of the days sampled. Peak concentrations generally occurred between June 18 and October 22 at the stations sampled. Fecal coliform is by definition restricted to those coliforms which entered the survey water via fecal discharge of warm blooded animals and man. Major concentrations of fecal coliform bacteria were present at Sample Stations 1 and 2; less but significant concentrations occurred at the other stations. Peak concentrations of fecal coliform occurred between May 21 and September 10 at the stations sampled, a gradual seasonal decline was evident in early October. The dissolved oxygen concentration of Little Ossipee Lake met Class B-1 criterion on all the days sampled. This is of importance, as last summer the State Department of Fish and Game, according to local newspapers, was considering the curtailment of the stocking of togue in Little Ossipee due to its low oxygen count.

The information obtained in this water quality study program provides a preliminary source of data for a representative base-line profile of the waters of Little Ossipee Lake. The lack of comparative data on many of the important parameters analyzed in 1972, and the highly significant, but uncertain impact of the excessive rainfall this year, modifies and limits the interpretation and evaluation of the current data.

The applicable State departments have been informed of the test results. The Lake Association intends to monitor the lake on a limited basis this year.

SCHOOL ADMINISTRATIVE DISTRICT NO. 57

Office of the Superintendent

East Waterboro, Maine 04030

January 1, 1973

REPORT OF THE SUPERINTENDENT

To the Board of School Directors and to the Citizens of School Administrative District No. 57:

I am pleased to submit my first annual report as your Superintendent. The six months that I have been Superintendent of School Administrative District No. 57 have been both challenging and rewarding. The months have been challenging because, in addition to the normal magnitude of work which must be done each day, the School Directors, staff and I have been working with our architect on plans for the Middle School which we so critically need. The months have been rewarding because the citizens showed such good judgment on December 16 by approving the construction of the Middle School. This major commitment confirms my belief that the citizens of the District continue to support education and are willing to make the necessary sacrifices to provide quality educational opportunities for our youth. I am pleased to have the opportunity to serve as your Superintendent and have a part in structuring your educational programs.

I had reservations about replacing Carroll B. Ronco as Superintendent because I was aware as anyone that he had served this District so well for over six years. I had the fear that people would be comparing my performance with his and I knew full well that he was one of the best administrators I had ever met. On the other hand, I knew that I would be assuming the leadership position in a school system which had been well administered and I knew that the School Directors, staff, students, and citizens would be cooperative, sincere and understanding in their genuine interest in education. I thus welcomed the opportunity to return to SAD No. 57 and I face each aspect of my job with enthusiasm and determination.

Our rapidly increasing student enrollment prob-

lem seems to consume a high percentage of the time of the Superintendent's Office staff. Since the District was formed in 1966, our enrollment has increased from 1127 students to 1650 students and the increase shows no sign of levelin off. An actual and a projected enrollment analysis is as follows:

					District Totals		1647

Because of our overcrowded conditions, School Administrative District No. 57 is going to have a rough time providing quality educational programs until we have more space. The 1973-74 school year will be a complete disaster unless everyone (Superintendent, School Directors, staff, parents, and students) works together. We are going to have to put up with hardships but we can do it if we all try and if we keep in mind that relief will be provided when we open our new school in September of 1974.

We plan to operate our schools during the 1973-74 school year as we are operating them now. We are thus going to try to avoid going on to double sessions because we firmly believe that doubde sessions should be avoided at all costs.

Luckily, it has not been necessary to spend all of our time on the Middle School project. The development of the 1973 School Budget has been a long and difficult process. In developing the 1973 School Budget,

the School Directors and I have been torn between our obligation to provide adequate educational programs and our desire to keep the financial contributions of the citizens at a minimum. We have attempted to develop a conservative Budget and at the same time we have tried to develop a Budget which will provide programs that will be in the best interests of our students. Because the 1973 School Budget is a conservative Budget, I am not proud of it from an educational and innovative point of view. It represents, rather, a continuation of existing programs along with other items which we consider to be essential and most of these are necessitated by our increasing enrollment. I am proud of the 1973 School Budget, however, because it should provide adequate programs for the students of our District.

I take this opportunity to express my sincere appreciation to the School Directors, staff, citizens and students for their cooperation and helpfulness in the operation of our District's schools. I am always happy to try to explian our school system's programs at any time. I am also always willing to try to answer questions or to receive complaints or suggestions. Please feel free to call me at any time.

AUDITOR'S REPORT

February 17, 1973

CERTIFICATE OF AUDIT

To the Board of Selectmen

Town of Waterboro

Waterboro, Maine

We have examined the comparative balance sheets of the Town of Waterboro, Maine as of December 31, 1972 and the related statements of surplus and appropriation reports for the year then ended. For other than the beginning balance sheet, our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. For the beginning balance sheet we relied upon the reports of other accountants; and the accounts have been included in the accompanying statements as shown by our reports.

In our opinion, which as to the beginning balance sheet is based upon the report of other accountants, the accompanying comparative balance sheets and statements of surplus and appropriation report present fairly the financial position of the Town of Waterboro, Maine at December 31, 1972 in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceeding year.

LISTING OF DELINQUENT TAXES, 1972

The tax maps and data processing were used for the first time by the tax assessors. The new system prompted questions from the taxpayers and in some instances errors to be corrected. Since all these matters were not cleared up before January 1, 1973, we have not published the list of delinquent taxpayers. Some of these taxpayers were waiting for us to answer their questions or correct a mistake on their bill. We

have a list of 1972 Delinquent Taxpayers in 1972 Audit Report and anyone wishing to review the same may do so at one of the Selectmen's regular meetings on the second or fourth Tuesday of each month.

We hope to have the 1973 Tax Bills in the mail by July 1, 1973. A list of 1973 Delinquent Taxpayers will be published in next year's Town Report.

Finance Committee recommends: Sum Sufficient Taxes.

Article 33. To see if the Town will vote to authorize the Selectmen to sell and dispose at public auction any tax title property acquired by the Town of Waterboro by mature tax liens sales or sales by said public auc-

tion to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days before sale. Also it shall be printed 2 weeks in the Sanford Tribune prior to sale or sales and that the Selectmen execute Quit-claim deeds signed by all three for such property. Same shall be with the understanding that the purchaser be responsible for establishing boundary lines. The Tax Collector shall submit a list of all Tax Title Properties to the Selectmen by the first of each year.

Finance Committee recommends: That the Selectmen be instructed to sell all Tax Title Property, at public auction, except those properties deemed best to hold for the overall benefit of the Town of Waterboro. It is also suggested that said auction be held the second Saturday of August.

Article 34. To see if the Town will vote to authorize the Selectmen to join the Maine Municipal Assocation.

Finance Committee recommends: $674.06 Taxes.

Article 35. To see if the Town will vote to allow all revenues from the Registration or Taxes, derived from snowmobiles, to be placed in a separate account, and be expended by the road commissioner and Fire Chief, for maintenance of all fire roads.

Finance Committee recommends: Ought to pass.

Article 36. To see if the Town will grant and raise the sum of $4,400.00 to re-deck the New Dam Bridge between Waterboro and Limerick. This amount being ½ the cost. The other ½ being paid for by Limerick.

Finance Committee recommends: $4,400.00 Taxes.

Article 37. To see what action the Town will take in regards to providing a Safety Officer at the Waterboro Elementary School crossing.

Article 38. To see what action the Town will take in regards to having either a full time Town Manager or a full time Tax Assessor. It being the recommendation of the Selectmen that a Committee of three be appointed to work with Selectmen on said possibilities and report back at the next Regular Town Meeting.

Finance Committee recommends: No recommendation.

Article 39. To see what sum of money the Town will grant and raise to be paid to the Waterboro Youth League to support boys' baseball and girls' softball programs.

Finance Committee recommends: $200.00 Taxes.

Article 40. To see what sum of money the Town will grant and raise to supplement the monies being cut by the Government from Social Services. Some of these affected will be Home Makers Services, Transportation, Family Planning and Health Mobile. This money to be allocated as the Selectmen deem necessary.

Finance Committee recommends: No recommendation.

Article 41. That all articles to be in the annual Town Warrant shall be in the hands of the Selectmen at least 30 days before the day of the meeting.

Article 42. To transact any further business that may lawfully come before this meeting.

The Selectmen hereby give notice that for the purpose of correcting additions to the check list of voters, the Registrar, Harry A. Smith, will be in the office.

And they give further notice that the Polls for the election of Town Officers under Article 2 of the Warrant will be open fifteen minutes after the completion of business under all other articles of the Warrant and remain open until 7 o'clock of said day.

Witness: Our hands at said Waterboro, Maine, this 13th day of February A.D. 1973.

CARLTON HARMON KIMBALL

In Memoriam

Carlton Harmon Kimball was born in Waterboro, Maine on October 9, 1906, the son of Fred H. and Kate Coffin Kimball. He passed away on January 29, 1973 suddenly, from a very severe heart attack. Carlton and his wife, the former Elaine H. Roberts, lived at South Waterboro for many years.

He attended Alfred High School for two years during which there was no high school in Waterboro and two years at Waterboro High School where he graduated. He later graduated from Grays Business College, Portland and was an accountant by profession. Carlton was always interested in town affairs and served as Town Clerk for a number of years.

He was a foreman of the shipping department of the Waterboro Co., Inc. where he was employed for 32 years.

Mr. Kimball was an honorary member of the Waterboro Fire Department to which he belonged for 32 years and served as treasurer.

He was an honorary member of Waterboro Grange No. 432 and also belonged to the York Pomona, State and National Granges for 53 years. He was treasurer of Mountain Lodge Corp. and a member of the Sanford-Springvale Fish & Game Protective Association.

He gave freely of his time and ability to the public service wherever and whenever he was needed and always enjoyed doing it.

WATERBORO FIRE DEPARTMENT REPORT

To: The Citizens of the Town of Waterboro:

We hereby submit the following report for the year ending December 31, 1973:

The Department responded to a total of 127 calls:

Ambulance Calls	115
Fire Calls	12
Total Calls	127

The Fire Department has purchased 12 plectrons, the Auxiliaries purchased 4, and six firemen purchased one of their own, making a total of 22 in town.

We also have the new fire truck the town purchased last year.

My sincere thanks for the help and cooperation I received from the men of the department, the Auxiliaries, and the citizens of the Town of Waterboro during the past year.

Respectfully submitted,

FIRE CHIEF

REPORT OF THE

CONSERVATION COMMISSION

In the spring of 1973, the Conservation Commission was busy writing letters to legislators to request passage of the returnable beverage containers. The Commissioners also offered to help the Planning Board with the Shoreline Zoning. Also Sterling Dow from the Maine Association of Conservation Commissions spoke to the members about the Ford Foundation Grants.

In May, the following three new members were appointed by the selectmen—Judy Carll, Emily Hamilton, Jane Willett; also associate member Tom McConkey—to join Bud Atkinson and John Winslow on the Commission.

During the summer, an application for a Ford Foundation grant was sent. The application for money to do a Natural Resources Inventory was approved. Professor Al Rollins from Nasson College was selected to give the Commission professional help.

In October, Commissioners Carll, Hamilton and Willett attended a conference in Portland. Various topics such as natural resources inventories, role of conservation commissions, environmental laws, land trusts, conservation easements were discussed.

In November and December, the Commission had many meetings in order to complete the shoreline zoning for the Planning Board. Also priorities for acquiring land were discussed with the selectmen and the Commission decided on various areas in town that were extremely valuable for Conservation.

AUDITOR'S REPORT

February 6, 1974

Board of Selectmen
Town of Waterboro
Waterboro, Maine

Gentlemen:

In accordance with Title 30, Section 5253 of the Maine Revised Statutes of 1964, and at your request, we have examined the balance sheet of the Town of Waterboro as of December 31, 1973 and the related statements of surplus and appropriations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the Town of Waterboro at December 31, 1973 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

AUDITOR'S COMMENTS

Our suggestion from last year's audit for a formal bookkeeping system was followed and put into effect. This system is a computerized print-out of the summary of receipts and disbursements, giving recognition to appropriations and departmental balances. The input documentation is in the control of the Treasurer/Tax Collector who performs acceptably.

We suggest that an improvement in the system this year would include a coding of the vouchers and warrants with the numbering system utilized by the data processed statements. Preparation of these reports monthly would remove the necessity of maintaining a separate Selectmen's hand posted book.

Our audit noted improvement in the computer prepaid commitment book and that its total agreed with the commitment to the Tax Collector.

The recommendation of last year concerning extensions of the receivable (tax) book was followed.

The suggestion as to appropriation of money was followed correctly.

The suggestion to the Board of Selectmen that the auditor be permitted to make changes in the overall system to expedite control was carried through.

We further noted that all trial balances of subsidiary accounts were readily reconcilable to the general ledger this year.

We recommend at least an annual meeting between the Board of Selectmen, the Treasurer/Tax Collector, and the auditor.

REPORT OF THE GOVERNMENT STUDY COMMITTEE

At the annual Town Meeting of 1973, under article #38, the Moderator appointed a committee of three or more, to work with the Selectmen, on the possibility of having a Town Manager or a full time Assessor. We determined early in one of our sixteen meetings, that the committee should study more than just the feasibility of a Town Manager and/or a full time Assessor.

It became apparent that, regardless of the form of government, it was necessary to have an office building, in order to run the affairs of the Town efficiently. The records of the Town must be in a centrally located building.

We hereby make the following recommendations:

That the Town pursue the legal course to clear the title on the piece of property held by quit claim deed, on the Old Alfred Road, and that a committee be appointed to find an alternate piece of property for a municipal building, reporting back to the Town at a special Town Meeting, no later than June 1, 1974.

That we use the S.A.D. #57 gymnasium for our annual Town Meetings.

That the Selectmen employ a secretary on an hourly basis to aid them, as well as any committee needing secretarial services.

That the Selectmen appoint a Charter Commission to update our present charter.

A survey was made, in the form of a questionnaire, for opinions of local taxpayers. Of the 597 questionnaires mailed, there were 220 returned, representing 310 votes.

As a result of the questionnaire it was very evident that, at this time, the voters were against a Town Manager or a full time Selectman. However, assessing seemed to be even in satisfaction and dissatisfaction. After consultation with the MMA, we do not feel that

it is practical to change our present method, because under bill LD 1997, on "Primary Assessing Areas", all organized townships will have a State-appointed Assessor supervising the local assessing, no later than July 1, 1975. Also as a result of the questionnaire, we found that the need for better police protection, election of the planning board, conservation commission and finance committee, was on the minds of many people. The minutes and information gathered by this committee will be filed with the Town Clerk for future reference.

We suggest another committee similar to this one be appointed no later than 3 years from now. You as taxpayers must realize that a major change should be made in our town government, as new services are needed and demands made.

We thank those people who took time to answer our questionnaire, especially those who made comments.

In closing let us warn you about **indifference** in the voter attendance at public hearings and meetings, which have definite bearings on the future of your Town and property value.

SCHOOL ADMINISTRATIVE DISTRICT NO. 57

Office of the Superintendent

East Waterboro, Maine 04030

January 1, 1974

REPORT OF THE SUPERINTENDENT

To the Board of School Directors and to the Citizens of School Administrative District No. 57:

1973 has been a hectic year which has seen many significant changes in School Administrative District No. 57. Several new and fascinating programs have been initiated and are described in the Elementary Supervisor's Report.

The Middle School design was completed in the Spring, and the project went to bid in July just before the legal technicality was discovered regarding the December 16, 1972 Bond Issue Referendum. The bid results indicated that inflation had caused a need for additional funds and a second Bond Issue Referendum was held in December and the legal technicality was cleared up at the same time. The good judgment of the citizens on September 29 gave the project the go ahead. Despite difficulty in obtaining materials, the chances are good that the classroom wing will be ready in September. The School Directors in general and the Building Committee in particular have spent much time in providing this greatly needed facility.

The District's enrollment continues to soar as evidenced by the following charts:

Several adjustments had to be made this fall to handle the overcrowded conditions in our schools. Bus routes had to be extended, an additional teacher was hired for Massabesic, two sessions of Kindergarten had to be provided for both Alfred and Lyman, six teacher assistants were employed to work in especially large classes, and the fifth and sixth grades in Waterboro were transferred to Limerick where two additional teachers were assigned. Because of the cooperation the District received from parents, staff and students, these adjustments have resulted in the District being able to make the best out of a less than ideal situation. The cooperation which the District received from everyone is greatly appreciated.

The 106th Legislature passed two pieces of legislation which will greatly affect School Administrative District No. 57. LD 1994, An Act Equalizing the Financial Support of School Units. will change the method of financing education in Maine. The overall effect will result in more State subsidy for School Administrative District No. 57. Unfortunately, the increased amount of State subsidy will not be unlimited.

LD 965, An Act Relating to Exceptional Children, requires that all school systems provide equal educational opportunities for exceptional children. The Law further requires that these educational services be provided within regular programs at the local level. School Administrative District No. 57 will therefore have to provide expanded special education programs for our students. Fortunately, the District has taken

positive steps in the past to help meet the needs of exceptional children through the implementation of such programs as the Trainable Mentally Retarded Class, The Resource Room Program, and employment of a speech therapist, learning disabilities and remedial reading personnel. For several years, the District has sent students to such specialized schools as the Cerebral Palsy Center, Sweetser Childrens Home, Governor Baxter School for the Deaf, and Camp Waban.

The development of the 1974 School Budget has been a particularly hard task this year because of the difficulty in accurately predicting operating expenses in view of sharply rising costs. The 1974 School Budget reflects the School Directors' attempt to provide adequate educational programs at modest costs.

I again this year wish to express my sincere appreciation to the School Directors, Staff, Citizens and Students for their cooperation and helpfulness in the operation of the District's schools. I am always happy to try to explain our school District's programs at any time. I am also willing to try to answer questions, or receive complaints or suggestions. Please feel free to call me at any time.

Respectfully submitted,

ROBERT E. POWERS

this year, taking $16,000.00 from Surplus, and borrowing the remainder on a one-year note, when necessary.

Finance Committee recommends: Ought to pass.

Article 23. To see what sum of money the Town will grant and raise for paying interest charges on tax anticipation notes.

Finance Committee recommends: No recommendation.

Article 24. To see if the Town will vote to authorize the Collector of Taxes to charge interest at the rate of 7/8% per month on all 1974 unpaid taxes as of November 1, 1974, and to see if the Town will vote to continue the discount method.

Finance Committee recommends: That we charge the maximum legal limit of 10½%.

Article 25. To see what sum of money the Town will grant and raise for street lights and beacons including Town House Lights for the ensuing year.

Finance Committee recommends: $3,000.00 from Revenue Sharing.

Article 26. To see if the Town will vote to authorize the Selectmen to borrow money on Tax Anticipation.

Finance Committee recommends: Ought to pass.

Article 27. To see what sum of money the Town will vote to grant and raise to pay the Town's share of Social Security and to pay the State Agency of the Town's share of the cost of Administration: $100.00 of this amount is Bookkeeping Compensation to Treasurer.

Finance Committee recommends: $1,200.00 from taxation.

Article 28. To see what sum of money the Town will grant and raise to pay for Workmen's Compensation Insurance on Town Employees for 1974.

Finance Committee recommends: No recommendation.

Article 29. To see if the Town will vote to authorize the Selectmen to join the Maine Municipal Association.

Finance Committee recommends: $422.80 from excise.

Article 30. To see if the Town will vote to allow all revenues from the registration or taxes, derived from snowmobiles, to be placed in a separate account, and be expended by the Road Commissioner and Fire Chief, for maintenance of all fire roads.

Finance Committee recommends: Ought to pass.

Article 31. To see if the Town will grant and raise the sum of $250.00 for services from York County Homemaker Services for the year ensuing.

Finance Committee recommends: $250.00 from Revenue Sharing.

Article 32. To see if the Town will grant and raise the sum of $1,000.00 to pay safety officer on duty in front of the elementary school.

Finance Committee recommends: $1,000.00 from taxation.

Article 33. To see if the Road Commissioner shall be required to submit a report in the Town Report which would itemize the monies spent out of the following accounts: Roads & Bridges, Cutting Bushes, Pond Roads and Seal Coat & Tar. This report, should as a minimum, identify where and when the work was done and provide a breakdown of the money spent and a general description of the work performed.

Finance Committee recommends: Ought to pass.

Article 34. To see if the Road Commissioner shall be required to contract out work whenever he or the Selectmen feel the cost of the project will exceed $1,000.00.

Finance Committee recommends: No recommendation.

Article 35. To see if the Town will grant and raise $7,000.00 for extending and tarring T.R.I. roads built in 1974.

Finance Committee recommends: No recommendation until specific details are presented.

Article 36. To see if the Town will raise and appropriate $7,998.00 for State Aid Road and Bridge construction under the provisions of Title 23, M.R.S.A. Sections 1101, 1103 or 1104, this fund to be the Town's portion for constructing a new bridge over Carll's Brook on West Road and construction on the West Road itself, widening the road to include a sidewalk beginning at the School and extending as far as funds will permit. Next year an appropriation under this same numbered Title may complete the sidewalk at or near the intersection at Route 202.

Finance Committee recommends: $7,998.00 from taxation.

Article 37. To see what sum of money the Town will grant and raise to be paid to the Waterboro Youth League to support boys' baseball and girls' softball programs.

Finance Committee recommends: $500.00 from Revenue Sharing.

Article 38. To see if the people of Waterboro desire to elect the following: Planning Board members, Finance Committee, Conservation Commission. An election to be held no later than (60) days after regular town meeting.

Finance Committee recommends: No recommendation.

Article 39. To see if the Town will grant and raise a sum of $500.00 for repair of the Town House Cemetery wall.

Article 40. To see if the Town will vote to authorize the Selectmen to sell and dispose at public auction any tax title property acquired by the Town of Waterboro by matured tax liens, by said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days before sale and that those lands deemed best kept by joint conference of the Planning Board, the Selectmen and the Conservation Commission not be placed for auction, but held by the Town. Also it shall be printed 2 weeks in the Sanford Tribune prior to sale or sales and that the Selectmen execute Quit-claim deeds signed by all three for such property. Same shall be with the understanding that the purchaser be responsible for establishing boundary lines. Provided, however, that the Selectmen, in their discretion, may execute and deliver deeds to and for the benefit of persons claiming present title, to clear the public records of old tax deeds or matured tax liens for which a discharge is not of record, or for which a discharge was not timely executed through inadvertance or the like without the necessity of sale at public auction, and to ratify and affirm the execution and delivery of tax deeds given by the Selectmen from March 13, 1971 to Nov. 7, 1973 for the purpose of clearing said public records of tax liens and tax bills which were not cleared also as a result of the reasons as provided in this sentence. The Tax Collector shall submit a list of all Tax Title Properties to the Selectmen by the first of each month.

Article 41. To see if the Town will grant and raise the sum of $200.00 for postage and incidentals, for the Town Conservation Commission for the year ensuing.

Article 42. To see what action the Town will take in re-opening the Sandcrossing Road as a thru street.

Article 43. To see if the Town will grant and raise the sum of $20,000.00 to purchase land for open space use.

Article 44. To transact any further business that may lawfully come before this meeting.

The Selectmen hereby give notice that for the purpose of correcting additions to the check list of voters, the Registrar, Dianne Holden, will be in the office.

And they give further notice that the Polls for the election of Town Officers under Article 2 of the Warrant will be open fifteen minutes after the completion of business under all other articles of the Warrant and remain open until 7 o'clock of said day.

Witness: Our hands at said Waterboro, Maine, this 12th day of February A.D. 1974.

REPORT OF THE

WATERBORO CONSERVATION COMMISSION

At the first of the year, the Conservation Commission presented to the Planning Board their idea for Shoreline zoning. Also, the request for $20,000 to acquire open space was presented and passed at Town Meeting. Since Town Meeting, many rumors over possible open-space land have been investigated. The landowners were contacted and usually their response was negative. There are several cases that were affirmative. The Commission has looked and walked over the land, but no firm commitments have been made by the landowners.

During the spring, Mr. Al Rollins presented the work that he had completed on the Natural Resources Incentory. Our Ford Foundation Grant paid for his services. Mr. John Malley came to a meeting that we had with the Lyman Planning Board to explain "The Threshold to Main Resource Conservation and Development Project's" report on the Health. Afterwards, we contacted landowners to learn if they would like the health designated as a Natural Landmark or if they would put a conservation easement on the land.

In October, Commissioners Carll and Willett attended the program presented by the Maine Association of Conservation Commissions. The general problem of obtaining money for programs was discussed. Three lawyers, Mr. Cox, Mr. Spencer and Mr. Murray, all Conservation Commission members presented the effects of current laws. The Maine Coast Heritage Trust had two speakers on Conservation easements.

In December, the Commissioners sent out many letters to large landowners and publicized in the newspaper a meeting on Conservation easements. Miss Janet Milne from the Maine Coast Heritage Trust came on a very snowy night and presented slides with her talk.

SUMMARY OF

SIGNIFICANT ACCOUNTING POLICIES

The financial statements are presented in accordance with generally accepted principles applicable to fund accounting and especially local governmental operations. The basic principles have been promulgated by the National Committee on Governmental Accounting and have received the endorsement of governmental units, their officials, the public and others interested in this type of financial statements.

BASIS OF ACCOUNTING

The cash basis of keeping the accounts whereby receipts and expenses are recorded on the books of account when received and disbursed respectively, without regard to the period in which they apply, is the bookkeeping basis of accounting. Since the cash basis is unsatisfactory for the presentation of the various funds of the general fund and various account groups, assets due to be received and obligations due to be paid, being consumated by December 31, 1974, have been included in the applicable presentations.

FUNDS AND VARIOUS ACCOUNT GROUPS

A fund is defined as a group of several balancing acounts. An account is defined as a formal record of a particular type of transaction expressed in money. In government accounting, the basic accounting entity is a fund. Each fund has, therefore, its own assets, liabilities and balances (reserves and fund balances). Funds and various accounting groups are segregated for the purpose of carrying on designated activities resulting in obtaining certain objectives in accordance with regulations.

NOTES TO FINANCIAL STATEMENTS

(1) The allowances for uncollectible amounts is calculated at ½ of 1% of taxes receivable, 5% of liens, and specific amounts of tax title properties.

(2) Accounts Receivable represents the amount of federal revenue sharing for the quarterly entitlement period which ended October 4, 1974. The amount shown will be received April 4, 1975.

(3) The balance of the tax anticipation note of $60,000.00 was due December 31, 1974, interest being charged at the rate of 3.24%. This amount will be paid from the collection of 1974 taxes rereivable.

(4) On November 5, 1974, a referendum was approved for the purchase of the town clerk's office. The money had been transferred from the Municipal Building Fund by year end but payment was not made until January 5, 1975. The $15,000.00 represents the full purchase price of the property.

(5) The appropriated balance represents the amount of unexpended appropriation balances which have been carried forward in order to reduce the 1975 assessment.

SCHOOL ADMINISTRATIVE DISTRICT NO. 57

Office of the Superintendent

Waterboro, Maine 04087

January 1, 1975

REPORT OF THE SUPERINTENDENT

To the Board of School Directors and to the Citizens of School Administrative District No. 57:

1974 has been a year which has resulted in many significant accomplishments in School Administrative District No. 57. The Construction of Massabesic Middle School has required a tremendous amount of time and yet has been the most rewarding accomplishment for the administrators and School Directors because of the magnitude of the project and because of the tremendous need that the District had for additional space. As a result of this new facility, the District has for the first time in several years been able to offer expanded quality educational programs to middle school age students. In addition, the High School has had the flexibility to operate in an uncrowded setting which has permitted expanded course offerings and the elementary schools have, in most cases, been able to have reasonable teacher-pupil ratios and only a few students have had to be transported from town to town to find classrooms.

During 1974 many curriculum advances have been made which have attempted to provide better educational opportunities for the students as the District tries to prepare the students for our ever-changing world. A Department of Special Services has been created which attempts to provide appropriate programs for students who have special needs. At the High School a Cooperative Education Program has been initiated in order to give students "on the job" training in specific occupations. A full-time elementary physical education teacher at the elementary level and an art teacher at the Middle School and High School have

broadened the physical education and art programs to encompass all schools.

Primarily due to the opening of Massabesic Middle School, many organizational changes have taken place during 1974. The elementary schools now house students in grades K-5, the Middle School contained grades 6-8 (along with two 5th grade classes) and the High School no longer has 7th and 8th grade students. High School and Middle School students are transported to the Massabesic Complex together. The Superintendent's Office has been moved from the East Waterboro School to the Central Heating System building between the High School and the Middle School. An Area Elementary Principal now assists the Assistant Superintendent in administering and supervising the elementary schools. One school nurse works in the elementary schools and another nurse handles the High School and the Middle School.

The School Directors and administrators are anxious to operate the District's Schools in a manner which has positive direction and at the same time in a manner which reflects the desires of the citizens and meets the needs of the students. A set of goals and objectives for the District has been developed by a Committee of school directors, staff members, parents, and students. The project was greatly assisted by Dr. Dale Hayes of the University of Maine at Portland/Gorham and has taken several months to complete. A copy of the new document will soon be sent to all citizens of the District for comments, suggestions and reactions. The results of this feed-back will assist the District in setting priorities for the future.

Despite the opening of Massabesic Middle School, the most pressing problem facing the District is still that of providing enough classrooms. The District is gaining in student enrollment faster than ever and all indications are that the trend will continue. Enrollment data is summarized as follows:

By making minor adjustments, the District should be able to operate efficiently and effectively during the 1975-76 school year despite our spiraling enrollment. The 1976-77 school year, however, appears to have very different prospects. In all probability, major adjustments and sacrifices will be required. As a result of this gloomy prospect, the School Directors and administrators believe that a complete analysis of "where we have been and where we are going" concerning the District's educational programs and facilities is essential. In an attempt to get an unbiased and professional overview, the District has employed the Center for Research and Development of the University of Maine at Portland/Gorham to conduct an educational survey and develop formal recommendations for the future. This study is scheduled for completion early in the summer.

Because it will take an absolute minimum of two years from the time the District decides what to build until the time the building(s) can be occupied, I recommend that the District begin immediately after the survey is completed this summer to start the procedure of providing more teaching stations. Tasks which should be accomplished between July and December of this year should include the following:

1. Decide what to build and where to build it.
2. Select an architect.
3. Develop preliminary plans and specifications.
4. Obtain State approval.
5. Obtain local voter approval.

To the many citizens of the District who work so effectively in support of the schools, I express sincere appreciation. I am grateful also to the Board of the School Directors and to the school staff for their continued cooperation and for their dedication to the welfare of the young people of the District. I am always

happy to try to explain our school programs at any time. I am also willing to try to answer questions, or receive complaints or suggestions. Please feel free to call me at any time.

Respectfully submitted,

ROBERT E. POWERS

AUDITOR'S REPORT

February 12, 1974

Board of Selectmen
Town of Waterboro
Waterboro, Maine 04087

Gentlemen:

In accordance with Title 30, Section 5253 of the Maine Revised Statutes of 1964, and at your request, we have examined the balance sheet of the Town of Waterboro as of December 31, 1974, and the related statements of fund balances and appropriations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the Town of Waterboro at December 31, 1974, and the results of operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Signed:

DARGIS, CARIGNAN & COMPANY

DCC/gyl

AUDITOR'S COMMENTS

In order for the maximum benefit to be derived from the computerized bookkeeping system, all receipts and disbursements should be carefully reviewed for correct coding to proper accounts. Furthermore, all receipts should be credited to revenue accounts and all disbursements to expenditures accounts. If this system is followed, total receipts posted can be verified by comparison with bank deposits and expenditures can be verified by comparison with the total of the selectmen's warrants.

Any errors could then be corrected in the following report and thereby reduce year end audit time and increase the reliability of monthly statements.

We suggest that a separate savings account be maintained for revenue sharing funds and as soon as appropriations of these monies are made, the sum should be transferred to a general fund account. If this procedure is followed, the balance in the revenue sharing account would always be the amount unapplied.

We recommend that the computer printed tax books and taxpayer cards be separately totaled and reconciled to the warrant of commitment.

As tax bills are paid, the cards can be separately filed and payment indicated in the tax book. In this manner, the taxes receivable balance can be verified by comparison of cards, tax book, and bookkeeping report.

Payment of taxes receivable of prior years should be posted to the tax book of the appropriate year and also be indicated on the tax collector's list of receivables prepared at the end of the preceding year.

During the course of our audit, we noted that the 1974 assessment was overstated by $32,129.67 which was comprised of duplicate billings, overvaluations, and miscellaneous errors in the amounts of $17,359.66; $11,852.85, and $2,917.16, respectively.

It is our recommendations that this error be considered when calculating the 1975 assesment.

188 TH ANNUAL REPORT

TOWN OF

WATERBORO, MAINE

FOR THE YEAR ENDING — DECEMBER 31, 1975

188th Annual

REPORT

OF THE

MUNICIPAL OFFICERS

OF THE

TOWN OF

WATERBORO, MAINE

For the Year Ending

DECEMBER 31, 1975

LINCOLN PRESS, INC.
Printers
SANFORD, MAINE

In this two hundredth year of the founding of our country, we would like to pay tribute not only to our national fathers but also to those who were contributors to the establishment and growth of our Town of Waterboro.

Progress is the result of sound judgement and a dedication to purpose, both of which our early ancestors exemplified in their unselfish endeavors to build a firm local government.

To these and all others who continued to carry the torch given them by their forefathers, we dedicate this issue of our annual report. Let us not forget the goals which they sought to achieve.

REPORT OF THE WATERBORO CONSERVATION COMMISSION

Subjects discussed for further consideration at our meetings included the planting of seedlings and shade trees, returnable bottle bill, preservation of pine trees along the edge of the cemetery, tennis courts, open space and Conservation Easements. Plans are being formulated for litter pick up in the spring.

At our May meeting, Mr. Sterling Dow, Executive Director of the Maine Association of Conservation Commissions, met with us.

Free scholarships were offered by the Conservation Commission to students to attend the Bryant Pond Conservation School. None took advantage of this opportunity.

Again in October Janet Milne of the Maine Coast Heritage gave a lecture on Conservation Easements at the Massabesic High School. Prior to this, personal letters were sent to over a hundred landowners informing them of the meeting.

We supported the Natural Resources Council of Maine.

Members attended a meeting at the Court House on the revision of the Natural Resources Inventory.

The Commission has endeavored to interest landowners in selling the town land to be kept for open space or to be used as a recreational area. Contact was made by writing letters to over one hundred landowners. With the influx of population, it is important that plans for parks are considered in the growth of our town. Realizing this, the town has voted money for the acquisition of land. Please contact the Conservation Commission if you have land that you would like to have kept for open space.

AUDITOR'S REPORT

February 12, 1976

Board of Selectmen
Town of Waterboro
Waterboro, Maine 04087

Gentlemen:

In accordance with Title 30, Section 5253 of the Maine Revised Statutes of 1974, and at your request, we have examined the balance sheet of the Town of Waterboro as of December 31, 1975, and the related statements of fund balances and appropriations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the Town of Waterboro at December 31, 1975, and the results of operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Signed:

Dargis, Carignan & Company

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are presented in accordance with generally accepted principles applicable to fund accounting and especially local governmental operations. The basic principles have been promulgated by the National Committee on Govermental Accounting and have received the endorsement of governmental units, their officials, the public and others interested in this type of financial statements.

BASIS OF ACCOUNTING

The cash basis of keeping the accounts whereby receipts and expenses are recorded on the books of account when received and disbursed respectively, without regard to the period in which they apply, is the bookkeeping basis of accounting. Since the cash basis is unsatisfactory for the presentation of the various funds of the general fund and various account groups, assets due to be received and obligations due to be paid, being consumated by December 31, 1975, have been included in the applicable presentations.

FUNDS AND VARIOUS ACCOUNT GROUPS

A fund is defined as a group of several balancing accounts. An account is defined as a formal record of a particular type of transaction expressed in money. In government accounting, the basic accounting entity is a fund. Each fund has, therefore, its own assets, liabilities and balances (reserves and fund balances). Funds and various accounting groups are segregated for the purpose of carrying on designated activities resulting in obtaining certain objectives in accordance with regulations.

Finance Committee Recommends:
That the amended code be adopted.

Art. 60: To see if the Town will raise and appropriate the sum of $400. for purchase of shade trees to be planted along highways and that the expense will be shared equally between the Town and the landowner. 400.00

Finance Committee Recommends: Nothing.

Art. 61: To see if the Town will vote to appropriate and raise $17,558.32 for payment of principal and interest on the construction loan for West Road due in 1976 as authorized by vote at the annual Town Meeting March 8, 1975. 17,558.32

Finance Committee Recommends: $17,558.32 from taxation. That, since we, at our last annual Town Meeting authorized the Selectmen to borrow the total amount of construction money to build this road, we must approve this article as read, each year until the bonds have been totally retired.

Art. 62: To see what sum of monies the Town will raise and appropriate for the Waterboro Bicentennial Committee for the ensuing year.

Finance Committee Recommends: $200.00 from taxation.

The Selectmen hereby give notice that the polls for the election of Town Officers under Article 2 of the Warrant will be open from 10:00 am until 7:00 pm on Saturday, March 13, 1976.

Witness: Our hands at said Waterboro, Maine, this 20th. day of February A.D. 1976.
